TAHE  
BOTANIC

Just like your skin, hair is made up of keratin and lipids, which have the basic function of maintaining its structure and elasticity. A deficiency in these essential components can mean the hair suffers and becomes vulnerable to external aggressors.

KERAFUSION from TAHE has been developed to repair every fibre of the hair according to its level of damage, repairing, strengthening, and sealing the cuticle with the combined action of keratin, liquid gold and tannins.

The fusion of these three active ingredients works to restructure and straighten the hair molecules by forming new protein chains in the cortex, so that the heat of the straighteners has a deeper and longer-lasting effect.

## ■ FITOXIL

ANTI-AGING SYSTEM WITH ACTIVE VEGETABLE MOTHER CELLS, BIOTIN AND ARGININE. A powerful combination of active ingredients that supply nourishment and health to the hair. Improving thickness, and reducing hair loss in men and aiding follicle repair in women. The purpose of FITOXIL is to stimulate and protect the bulb of the hair at the root and the skin around it, preventing and halting excessive hair loss.

## fitoxil

CYTOKINE COMPLEX, with lactic proteins for outstanding biological action. Stimulates the cellular metabolism and regulates the hair's growth cycle, for cases of hair loss from diffuse to androgenic alopecia. Bio-stimulants, essential amino acids and oligo elements, from vegetable sources, that provoke an increase in the cellular oxygen consumption, with ingredients proven to treat, condition and nourish the hair.

## HIDRAMAX+

The life-cycle of the cells in the epidermis, the outer layer of the skin, is about 28 days when we are 20 years old. Little by little, this process slows down. However, not all the cells are at the same stage of the cycle – some are older than others. With a daily care routine of cleansing, exfoliating and moisturising, we can help the skin cells reach the surface more quickly and almost all at the same time. This means that the superficial skin layer is made up of new, fresh cells, and the skin looks radiant and fresh.

Each of the TAHE HYDRAMAX formulas is designed to satisfy a specific need, thanks to a gentle but effective influence on the skin.

**MOISTURISING DAY CREAM Preventative – anti-aging – spf 25.** For all skin types. Daily moisturising cream for the most complete defense of the skin against visible signs of aging. Combats the effects of all types of stress (emotional and internal or environmental and external). Helps to neutralise UVA and UVB rays.

**LIP AND EYE CONTOUR spf 20.** New preventative moisturiser for the eye area. With spf 20, it protects against the sun and prevents signs of aging. Instantly leaves the area soft and refreshed. Nourishes the skin around the eyes and lips, and protects from the stresses produced by internal and external factors.

**MOISTURISING NIGHT CREAM Renovating – anti-aging.** For all skin types. Night moisturising formula for luminosity and softness. Works while you sleep, optimising the cell-renewal process and assisting new cells to reach the surface of the skin more quickly. Supplies extra moisture, and helps to improve the tone and texture of the skin from within.

**ILLUMINATING RENOVATING SERUM.** For all skin types. The perfect compliment to day and night moisturising. For instantaneous luminosity, leaving the skin soft, soothed and renewed.

**ILLUMINATING RENOVATING EXFOLIATING SOLUTION** For all skin types. Gentle and effective exfoliating solution for all skin types. Leaves the skin luminous and soft, by helping to eliminate the dead skin cells that remain on the surface of the skin and make it appear dull and dry. Skin is left taut, glowing and refreshed.

**INSTANTANEOUS MASK.** Renovating – illuminating. In just 5 minutes, this intense mask leaves your skin as glowing and even as a microdermabrasion treatment, significantly minimising irritation and redness. Stimulates the renewal of superficial cells in several ways, instantly revealing a fresher, glowing skin with a more even tone. Oil-free formula.

PERFECT SKIN PACK

# PERFECT SKIN

**MULTI-PROTECTIVE MOISTURISING CREAM.** For all skin types – with precious natural oils. Long-lasting hydration, protection and glow. Every day the skin suffers multiple aggressors: UV rays, pollution and stress, all factors that can generate the release of the free radicals responsible for premature aging, dull skin tone and weakening the protective cutaneous layer, which all lead to dehydration. With the application of Perfect Skin Cream, the skin is perfectly hydrated, and recovers its glow and softness.

**INTENSIVE REPARATIVE CREAM FOR EYES.** For all skin types – with precious natural oils. Protects the skin around the eyes from the effects of stress, sun and pollution. Gives a lifting and firming effect.

**REPARATIVE SERUM.** Firming – moisturising – lifting effect. For all skin types – with precious natural oils. With 100% biodegradable precious natural oils, and no silicones or parabens. Effective serum that gives the skin a second chance against fine lines, wrinkles and sun damage. Visibly improves the skin's glow and texture.

**INTENSIVE BODY MOISTURISER.** Firming – anti-cellulite – with precious natural oils. Cream for daily use that moisturises and nourishes the skin, leaving it soft and firm, preventing the aging process and deeply regenerating the skin.
